

Here are your instructions for Ticket sales for the Finals

Tickets will be on sale shortly - look for the Buy now option on the homepage or on facebook.

Send people to www.TeenIdol.org and click on the “BUY TICKETS NOW” when they are available.

Tickets are \$10 per person for general admission (for age 5 and up) - that is for rows 4+.

There are options for close row seating as well (rows 1 thru 3). Purchaser can get either the \$20 minimum, or donate up to \$500 for them.

Ticket Sales Requirement for Finalists:

Each student is responsible for selling 20 tickets at \$10 each or over (regardless of value) which counts for 20 pts toward your score.

Each additional ticket sold is worth an additional point up to a maximum of 10 more points.

Any student that sells \$300 or more worth of tickets, will get a 15% commission bonus for everything sold. Example \$350 raised would be \$52.50 in commissions. This is similar to the industry where the artists get paid for bringing in business.

In addition, one of the characteristics of talent we looked for going into the finals, are students that are go getters and go above and beyond. As only the first 3 students are getting cash awards (paid at the end of the tour after they finish their contractual requirements) its important to do your very best at selling tickets.

It's a bad habit that contests and reality shows have where they let their contestants/ students only practice singing and showing up but don't teach them the most important aspects of the trade; networking, salesmanship and fan base creation.

We want to teach you the importance of supporting and helping those that support and help you. It's a win-win in the real world. If not, someone is losing and that is not ethical whether it's the talent - you - that need exposure or the agents and production staff that make the opportunity possible that need to pay their bills.
